# Sentinel GUARDIAN

QUALITY WATER SYSTEMS Package

Clack® 

✓ Upper Safety Trapper

✓ Non Corrosive, One-Piece Seamless Moulded Fiberglass Vessel

✓ 1" Manifold Pipe

✓ **Resin** The 8% amber water softening resin is a high-quality, high-capacity resin designed to efficiently soften water by reducing calcium and magnesium ions that cause hardness. With an 8% cross-linked structure, it offers excellent durability and long-lasting performance, ensuring consistent, high-efficiency water softening even in demanding conditions. Ideal for residential and commercial applications, this resin provides a reliable solution to enhance water quality, improve appliance efficiency, and extend the life of plumbing systems by effectively preventing scale buildup.

✓ High Flow Distributor

✓ Rubber Boot

Keep your drinking water clean and safe with the Pureguard™ PGF-45 Series Reverse Osmosis System. It reduces the levels of lead, nitrates, cysts (cryptosporidium, giardia), arsenic, sodium and other contaminants commonly found in unfiltered tap water. The easy to install system offers quality water at your fingertips 24 hours a day, 7 days a week, 365 days per year. Pureguard™ Quick and Easy sM Cartridges makes filter changes fast, convenient and sanitary. Your family, friends and pets will love the taste and enjoy all the benefits of healthy water.
